CEO Report – Board Meeting – December 19, 2019

Broward Early Childhood Education Conference (BECEC) – February 1, 2020

The ELC's Broward Early Childhood Education Conference is being held on Saturday, February 1, 2020 at Broward College North Campus. The theme of the conference (which begins at 7:30 am and ends at 3:30 pm) is "Stand Up and Be Counted." The theme was chosen to correspond with the upcoming census, and there will be a brief presentation on the importance of participating in the census. Our keynote speaker this year will be world-record setting pilot Barrington Irving. He impressed the crowd as a featured speaker last year, speaking about his experiences growing up in inner city Miami, becoming a pilot, his worldwide adventures, and how he uses these adventures to advance an exciting STEM-based curriculum in classrooms throughout the nation. Captain Irving will also be conducting two workshop sessions for attendees. His sessions will be part of the more than 45 morning and afternoon workshops offered to early educators and administrators. We expect more than 800 attendees and hope you can join us at the conference.

Legislative/Advocacy Update

As the Florida State Legislature Committee Meetings continue throughout November and December, we have been actively involved with the legislative process. Staff has met with State Senators and Representatives here in Broward as well as in Tallahassee and have voiced our legislative priorities and recommendations. Some of these include an increase in the Base Student Allocation for VPK, counting learning gains made during the VPK year, evaluating the socio-emotional development of the child, as well as administering a Kindergarten Readiness tool at the end of VPK year before summer slide (instead of at the beginning of the Kindergarten year).

ELC Broward is also working with Broward Days, a nonprofit group advocating for the needs and concerns of residents of Broward County. The ELC will join the Broward County Board of Commissioners, the League of Cities, business community, and other non-profit service leaders to meet with the Florida Legislature during an annual multi-day forum in Tallahassee. The ELC has been an active participant in the Children and Families Impact Team through policy workshops and our legislative priorities have been incorporated into the overall Broward Days agenda.

In addition, ELC is also working with the United Way of Florida, the Children's Forum and their statewide partners to participate in the annual Florida Children's Week Summit to bring attention to, and advocate for, the diverse needs of Florida's children. The event features a multi-day gathering of statewide ELC associations, state agencies, non-profit organizations, and business partners to discuss policy changes, host town halls, and meet with legislative leaders.

New ELC website

ELC has begun the project of revamping the ELC Broward website (www.elcbroward.org). We have been working with a web designer and are in the process of creating a new site map with updated content and website design. We hope to demo the new website at the February 13th board meeting with a targeted go-live date near the end of February.

CRM Update

ELC staff previously received approval from the board to proceed with procurement of a Customer Relationship Management (CRM) system which involve two public Request for Quote (RFQ) notifications. The first is for the CRM platform. The intent of the second RFQ was for Consulting Services to configure the system specifically to the needs of the ELC. The first RFQ was published September 16th on the ELC website. The ELC received responses from Salesforce and Webauthor. The rating committee which included Twan Russell and Michael Asseff met on November 21st to evaluate the responses. The committee recommended awarding the contract to Webauthor based on the overall result of the evaluation scorecards. The ELC is working with the vendor to complete the agreement. The goal is to begin utilizing the CRM system by February 2020. While ELC had originally planned to issue a second RFQ for consulting services, Webauthor's project scope and quote includes both the CRM system as well as the configuration so a second RFQ is not necessary. Additionally, their quote for the system and configuration is below the budgeted amount approved for this

contract and within the threshold of the CEO's signing authority. The ELC anticipates adding a Phase II financial component later in 2020 which may require board approval.

Registration Fees

On July 1, 2019, changes to the Florida Administrative Code Rules (Rule 6M-4.500) went into effect authorizing Early Learning Coalitions to begin reimbursing child care providers for registration fee costs if they are part of the provider's private pay rate schedule as documented in the provider's contract. Unfortunately, OEL has not yet created a mechanism in the EFS Mod system or developed guidelines that the Coalitions need to implement this rule, and none of the Coalitions are currently able to process registration fee reimbursement payments. OEL acknowledges that the unresolved issues in the EFS Mod system will likely delay implementation for several more months, but they will likely permit the Coalitions to make reimbursement retroactive as soon as the functionality comes on line. OEL also confirms that retroactive registration fees owed to providers may be applied against amounts providers may owe the ELC due to overpayments made during FY 2019 when all School Readiness reimbursements were paid with estimates. OEL has not provided a timeline for completion of the registration fee component in EFS Modernization.

Look Before You Lock

In 2013, Broward became the third county in Florida to pass a law requiring all child care centers to install safety alarms in their vans to prevent a tragic death when a child is left alone and forgotten in a vehicle. Across the U.S. so far in 2019, there have been 51 child heatstroke fatalities. Tragically, in late July, a two-year old boy died of heatstroke after being left in a van at Ceressa's Daycare and Preschool in Oakland Park.

ELC is partnering with the Children's Services Council of Broward County on a "Look Before You Lock" outreach and education campaign to be launched by February 2020 that is directed at parents and providers in order for the community to remain vigilant on this issue. The ELC is also working with Child Care Licensing in Broward to conduct no nonsense safety trainings for providers as well. Going forward, other community partners will be approached about the relaunch of this campaign.

Provider Q and A Session with the CEO

On November 20th the ELC re-introduced Q & A sessions for ELC's provider community. Providers were given the opportunity to ask any questions they may have to the CEO. There were 30 providers who signed up in advance to attend and 14 who showed up. Overall it was productive and the group, including ELC staff, agreed it would be beneficial to hold these sessions every other month prior to the PLAN meeting. All questions and answers from the meeting will be compiled, posted and shared with the entire ELC provider community.

Improving Services for Parents and Providers

Feedback from parents visiting the ELC's main office suggests that a common barrier for them is lack of access to computers and scanners to access the portal for SR services and upload required documents. By January 21, 2020, ELC has a plan to install computers and scanners at 10 of the School Readiness largest providers (by volume). This plan includes establishing office hours for ELC staff to rotate to those locations and training staff in all 10 centers on how to use the equipment and assist parents through the process. In addition, ELC staff recently met with the Director of the Broward County Library system to discuss a strategic partnership that would leverage specific library locations for a similar purpose. Staff have tentatively identified 4 library locations, based on a heat map of where families utilizing SR services live.

Prosperity Broward

ELC is excited to be a new member of the Prosperity Broward Initiative, led by The Greater Fort Lauderdale Alliance along with partners such as Broward College, OIC of South Florida, and many more community partners and municipalities. Prosperity Broward will take an innovative approach to job training, employment, and support services in six targeted zip codes (33023, 33069, 33309, 33311, 33313, and 33319). In addition to job training, recruitment, and mentoring, the project includes include creating an inventory of wrap-around support services in areas such as transportation, childcare assistance, and other social services in order to ensure residents' workforce success. The program is also designed to

deliver long-term economic benefits to our communities, the hiring of skilled candidates by corporate employers, ongoing guidance of a success coach, and provision of those on-going wrap-around support services.

At a planning meeting on Saturday, December 7th over two dozen business groups, non-profit organizations, government agencies, and providers of higher education came together to create the model and framework for the project, which will align targets and goals with **Six Pillars** and Broward County's Community Strategic Plan. The ELC looks forward to being a participant in this endeavor and collaborating on ways to increase child care services and promote school readiness to the families we serve in those areas.

Provider Survey

ELC staff are in the initial planning stages of conducting a Broward County early childcare provider survey. The scope is still being refined but the intent is to solicit feedback on general challenges of providers, training needs, input on the awareness and effectiveness of current ELC services, communication, etc. We expect the survey administration will include a combination of face-to-face, phone and electronic feedback. ELC will engage an external resource to help in the development and administration of the survey.

Going Paperless for Board Meetings

Beginning with the 12/19/19 board meeting, ELC staff will make the board packet accessible via laptops that will be set up for each board and committee meetings. We expect to have 8-10 laptops available for the first meeting (so its first come first serve) and may have more available in the future. The movement towards becoming paperless for board and committee meetings will be a gradual shift but our intent is to print less and move to 100% paperless for board meetings.

Read for the Record Award

Broward County has been recognized nationally as the *Read for the Record* District of the Year Award. As one of the longest standing partners of the campaign, Broward had the widest participation within a single county with more than 1,000 participating volunteers. The ELC is proud to be one of the lead partners in the annual campaign.

Update on Governor appointed Private Sector Board Seat

A local Broward county business executive has applied to the open Governor appointed private sector board seat (vacated by the resignation of Ms. Dolly Rump). The appointment office of the Governor's office is not able to offer insight into timing of any decision regarding the evaluation of the application. As a result, ELC staff will recommend the Nominating Committee interview the applicant for a private sector board seat at its next Committee meeting in January. If this applicant is later approved by the full board they would remain in the private sector seat until at which time the Governor's office makes a decision. If approved by the Governor's office this member would be reclassified as a Governor appointee.

DATE:	12/19/19
SUBJECT:	Board Member Committee additions
TIES TO PILLAR	Strengthen and Develop the ELC staff and Organization
FOR ACTION:	Yes
RECOMMENDED ACTION:	Approve Dr. Amoy Reid to join the Nominating Committee and Ms.
	Beverley Batson to join the Audit Committee
FINANCIAL IMPACT:	None
AS RECOMMENDED BY:	NA
ELC STAFF LEAD	P. Borman

Background/History

According to the ELC Bylaws, the board shall elect Members to serve on the Nominating Committee and the Audit Committee.

Current Status

Both Dr. Amoy Reid and Beverley Batson are recent additions to the ELC Board. Given Dolly Rump's resignation from the board, there is an opening on the Nominating Committee, for which Amoy Reid has expressed an interest. In addition, given her background and interest in accounting and finance, Beverley Batson has expressed an interest in the Audit Committee.

Summary/Recommendation:

ELC staff recommend that the board elect Amoy Reid to the Nominating Committee and Beverley Batson to the Audit Committee.

ITEM #/MEETING:	B202CA2/Board
DATE:	12/19/19
SUBJECT:	Update on Credit History Checks (Background screening)
FOR ACTION:	Yes
RECOMMENDED ACTION:	Delete reference to credit history check as part of current policy
FINANCIAL IMPACT:	None
PREVIOUS DISCUSSION:	Governance Committee 11/18/19; Board meeting 10/3/19;
	Governance Committee 9/16/19
ELC STAFF LEAD	HR

An updated Background Screening Policy was recommended for approval by the Governance Committee at their 9/16/19 meeting and approved by the Board at the 10/3/19 board meeting.

At the 9/16/19 Governance meeting, the Committee discussed the issue of credit history checks after staff had recommended that the following sentence be deleted from the policy: *Employees are required to undergo a credit history check if they are issued a company credit card.* The rationale presented was that employees who have a fiduciary responsibility are required to be background screened annually (and therefore this was considered sufficient).

The Governance Committee approved the policy, however asked that:

- 1) the sentence related to credit checks remain in the policy and
- 2) staff seek input from OEL on their opinion/guidance on the issue of credit checks in addition to research any best practice information.

Research Findings

OEL

In a response to an inquiry from ELC staff, a representative from OEL responded that *OEL has issued* <u>no guidance</u> to require initial or periodic credit history checks for CFOs or other staff handling money. Rather, OEL's grant award Exhibit I, Section Q.3 Insurance and risk mitigation, instructs each ELC to maintain fidelity bonding coverage for fiscal staff. Each ELC has the authority to set more restrictive background check requirements should they wish.

Society for Human Resource Management and National Association of Professional Background Screeners

In response to an email inquiry, the Society of Human Resource Management (SHRM) Research Department stated that based on a recent poll with their members, it appears that of the 92% of organizations who conduct background checks of any type, 29% perform credit history checks.

A recent survey from the National Association of Professional Background Screeners (NAPBS) found that while 95% of companies conduct some type of background check on job candidates, **16% of those organizations conduct credit or financial checks on all job candidates**, and almost one-third conduct credit checks on some candidates.

Credit checks tend to be most common when companies are hiring top managers or employees who work with money, such as accountants.

Summary

At the 11/18/19 Governance Committee meeting, the above research and OEL feedback was presented. The Committee approved the recommendation to the board to delete the following sentence from the policy: "Employees are required to undergo a credit history check if they are issued a company credit card."

SUBJECT:	Employee Self-Reporting Policy
FOR ACTION:	Yes
RECOMMENDED ACTION:	Approve Employee Self-Reporting Policy
RECOMMENDED ACTION: FINANCIAL IMPACT:	Approve Employee Self-Reporting Policy None

The "Employee Arrests and Criminal Charges" policy was last approved by the board on October 4, 2018 as part of a broader set of Human Resource Policies.

Current Status

In the policy approved by the board on 10/4/18, "an employee who has been arrested or charged with any criminal offense while employed with the ELC is required to notify ELC within 5 calendar days of being arrested."

- In order to comply with changes in the 2019-2020 OEL Grant agreement, the "within 5 calendar days" has been changed to "within 48 hours".
- The name of the Policy has changed from "Employee Arrests and Criminal Charges" to "Employee Self-Reporting" to encompass broader changes that coincide with the ELC Background Screening Policy (approved at the 10/3/19 Board meeting).
- The Self-Reporting Policy has been reviewed by legal counsel.

Summary

On 11/18/19 the Governance Committee approved the above changes to the Self-Reporting Policy.

SUBJECT:	Incident Reporting Policy
FOR ACTION:	Yes
RECOMMENDED ACTION:	Approve Incident Reporting Policy
FINANCIAL IMPACT:	None
AS RECOMMENDED BY:	Governance Committee – 11/18/19
ELC STAFF LEAD	P. Borman

The Incident Reporting Policy which governs the identification, reporting and handling of incidents, accidents, occurrences concerning the ELC, its clients, service providers, interns and vendors was last approved by the ELC Board in September 2014.

Current Status

The policy was recently reviewed and modified to address some minor changes (which are noted in the addendum). The Incident Reporting Policy has been reviewed by legal counsel.

Summary

The Governance Committee recommends that the board approve the Incident Reporting Policy

Supporting Documents

- Addendum Minor changes to Incident Reporting Policy
- Revised Incident Reporting Policy

Addendum

The following are the more substantive modifications made to the policy:

- Addition of including Interns to the scope of policy
- Addition of the following to the definition of reportable incident:
 - o the unauthorized use, access, distribution, theft, destruction, modification or removal of ELC, OEL or Client records, data or information. This definition shall also include the records, data or information of a Vendor or Contractor if the ELC has contracted with a Vendor or Contractor and has utilized said records, data or information in order to provide or facilitate services and/or programs to a Client, Contractor, Service Provider or ELC staff. This shall also include any intangible, proprietary, trade secrets or intellectual property.
 - o the breach of information technology and/or data security utilized by or in the possession of the ELC, its Contractor, or its Vendor.
- In event the Human Resource Director or Manager is the subject of the Report or Reportable Incident, the Reportable Incident or Incident Report shall go to the CEO
- If the Reportable Incident or Incident Report concerns a Member, then the Reporter may report the Reportable Incident and/or file an Incident Report with the Chair, the Board, or the applicable Board committee that would consider the matter pursuant to the Bylaws.
- Barring any statutory exemption(s) or a court order, Incident Reports are public record in accordance with applicable federal or Florida law.

ELC STAFF LEAD	P. Borman

In an effort to keep the ELC Bylaws current, the Governance Committee suggest modifications in the following three areas (based on recommendations from staff and discussion at the 11/18/19 Governance Committee):

- 1) Section 4.2 Election and Terms of Office
- 2) Section 5.6 Quorum
- 3) Section 6.1 Standing Committees

1) Section 4.2 – Elections and Terms of Office

Section 4.2 begins:

Except for the Chair, each Officer shall be elected by a majority vote of the Board for a two (2) year term. No Officer may hold the same elected position for more than one (1) term of office. Terms of office shall coincide with the Coalition's fiscal year. Election of Officers shall take place at the annual meeting in June of each fiscal year. If an Officer has resigned from their elected position, or if an Officer has been removed from their elected position by the Board more than (60) days prior to the June election date stated herein, the Board shall have special election at the next regularly scheduled Board meeting for said vacant office. In the event of a special election for a new Officer of the Board, the Nomination Committee shall oversee the nomination process in accordance with the Coalition Bylaws.

<u>Issue</u>

While the ELC benefits by electing a new slate of officers every two years, the sentence "No Officer may hold the same elected position for more than one (1) term of office" prevents ELC from leveraging the experience of longer tenured Members from serving in Officer positions that they may have held in the past.

Recommendation

- 1) Define the 2 (two) year term as "term of office" as in: Except for the Chair, each Officer shall be elected by a majority vote of the Board for a two (2) year term ("term of office").
- 2) Change the next sentence to: No Officer may hold the same elected position for more than one (1) term of office but may be elected to same position after a one (1) term absence from position.

This promotes the rotation of a slate of officers and enables longer tenured members to run for an officer position they may have previously held.

The suggested revised paragraph 4.2 that contains the above recommendation is below (changes in bold and underlined).

Except for the Chair, each Officer shall be elected by a majority vote of the Board for a two (2) year term ("term of office"). No Officer may hold the same elected position for more than one (1) term of office but may be elected to the same position after a one (1) term absence from position. Terms of office shall coincide with the Coalition's fiscal year. Election of Officers shall take place Election of Officers shall take place at the annual meeting in June of each fiscal year. If an Officer has resigned from their elected position, or if an Officer has been removed from their elected position by the Board more than (60) days prior to the June election date stated herein, the Board shall have special election at the next regularly scheduled Board meeting for said vacant office. In the event of a special election for a new Officer of the Board, the Nomination Committee shall oversee the nomination process in accordance with the Coalition Bylaws.

2) Section 5.6 - Quorum

Section 5.6 of the current bylaws states: "A majority of the Members shall constitute a quorum required to conduct business of the Coalition at any Board, Board committee, or special meeting. A majority of Members must be physically present at a Board Meeting in order to establish a quorum to conduct business and vote on matters before the Board. A quorum for a Board committee meeting may be established by audio or video attendance or participation in order to conduct business and vote on matters before a Board committee."

Issue

While the physical presence of Board Members is preferred, the requirement to be physically present increases the chance that important business decisions voted on by the board will be delayed due to an inability to establish a quorum.

Furthermore, the requirement for physical presence creates an unnecessary burden on ELC staff, who have spent significant time in board meeting preparation, only to have a quorum potentially affected due to the inability of Board Members to be physically present based on last minute schedule changes or emergencies. Of the previous 7 board meetings, quorum was exceeded by only 1 Member in **three** meetings.

Background/Research

The Florida Statutes give Early Learning Coalitions the option of establishing a quorum through telecommunication:

• From 1002.83 (6) - A majority of the voting membership of an early learning coalition constitutes a quorum required to conduct the business of the coalition. An early learning coalition may use any method of telecommunications to conduct meetings, including establishing a quorum through telecommunications, provided that the public is given proper notice of a telecommunications meeting and reasonable access to observe and, when appropriate, participate

In addition, research on the bylaws from other ELC's (see addendum) indicated that the option of "telecommunication" in the establishment of a quorum is common.

Recommendation

It is the preference that board members are physically present for meetings, however that might not always be possible. The Committee recommends that the ELC bylaws be amended to enable the use of telecommunication to establish a quorum for Board meetings. The following proposed language is suggested as a replacement for Section 5.6:

A majority of the Members shall constitute a quorum required to conduct business of the Coalition at any Board, Board committee, or special meeting. Physical attendance at meetings of the Board of Directors is an expectation of membership. The Early Learning Coalition board may use any method of telecommunications to conduct committee or Board meetings, including establishing a quorum through telecommunication, provided that the public is given proper notice of the telecommunications meeting and reasonable access to observe, and when appropriate, participate.

3) Section 6.1 – Standing Committees

Section 6.1 paragraph 1 of the current bylaws states:

The Board may establish or dissolve standing committees by majority vote of the Board. The term of membership on a standing committee for a Member shall be consistent with the fiscal year. Only Members appointed to a standing committee by the Chair or, if applicable, by the Board in accordance with the Coalition Bylaws may vote and act on matters coming before said committee. All standing committees of the Coalition, with the exception of the Audit Committee, shall be responsible for the delivery of committee recommendations and reports to the Executive Committee. Standing committees shall consist of the following:

Issue #1

Under the current bylaws, the Chair of the ELC Board appoints the chairs of the Audit Committee, the Nominating Committee and the Program Review Committee. Unlike "terms of office" for elected officers of the ELC, there are no term limitations stipulated in the bylaws for these committee chair appointments.

Recommendation

In order to promote board succession and board role rotations, leverage current experience, as well as to align with officer elections, ELC staff suggest that:

- 1) The appointments for these chair positions are for a two (2) year time period ("Committee Chair term")
- 2) These Committee Chairs may be re-appointed to serve one additional consecutive Committee Chair term.

Issue #2

There is no language in the current bylaws that addresses the potential removal of a Chair (or member) of a Standing Committee.

The following is proposed language that incorporates both recommended changes:

Section 6.1

The Board may establish or dissolve standing committees by majority vote of the Board. The term of membership on a standing committee for a Member shall be consistent with the fiscal year.

Except as set forth in the Bylaws, there is no limit to the length of time a Member may serve on a Board standing committee, however, a Member of a standing committee who has either been appointed to said committee by the Chair of the Board or selected to a standing committee by a majority vote of the Board, whichever is applicable, may be removed by a majority vote of the Board after serving on a committee for 1 year, or at any time for violation of ethics and conduct as set forth in the Bylaws, Florida Statute or the ELC's Code of Conduct or other applicable policies and procedures, or may be removed for lack of attendance. In the event a removal of a Member is due to the above mentioned reasons, such matter shall first go to the Governance Committee for review and consideration in accordance with Sections 3.5 and 3.7 of the Bylaws, whichever is applicable.

Only Members appointed to a standing committee by the Chair or, if applicable, by the Board in accordance with the Coalition Bylaws may vote and act on matters coming before said committee. The length of the term of a Committee Chair shall be a two (2) year term ("Committee Chair term") and whenever possible, the commencement of a Committee Chair term should coincide with the election of Officers by the Board. Chairs may be re-appointed to serve one additional consecutive Committee Chair term. The Chair of the Executive Committee is not subject to these specific term limitations as set forth in this section of the Bylaws. All standing committees of the Coalition, with the exception of the Audit Committee, shall be responsible for the delivery of committee recommendations and reports to the Executive Committee. Standing committees shall consist of the following:

MEETING DATE:	12/19/19
SUBJECT:	RFP for Business Development Training for Child Care Operators
FOR ACTION:	YES
RECOMMENDED ACTION:	Approve selection of BLI for Business Development Training for Child
RECOMMENDED ACTION:	Approve selection of BLI for Business Development Training for Child Care Operators
RECOMMENDED ACTION: FINANCIAL IMPACT:	1

Background Information:

With ELC Board approval, a Request for Proposals (RFP) to provide Business Development Training Services for Child Care Operators was released on October 4, 2019. The RFP's intent was to choose a contractor to improve the business operations and build the organizational infrastructure of childcare centers and family homes. A Pre-Bid Conference was held on October 21st and the RFP closed on November 6th. Two (2) responsive proposals were received from the Business Leadership Institute for Early Learning and Family Central, Inc.

The RFP Rating Committee was chaired by ELC Board member Khalil Zeinieh and included Board members Richard Campillo, Cara Cerchione and Dawn Liberta. Monica Menahem, Director of the A.D. Henderson Foundation, which supports early learning programs for children ages birth to eight, also participated in the evaluation process.

The Evaluation Committee reviewed both proposals in detail and applicant interviews were conducted with both organizations on November 18th. The Committee came to the following results:

Organization	Average Score
Business Leadership Institute	82.2
Family Central	73.0

Current Status

The Program Review Committee met December 4, 2019 and unanimously approved the Rating Committee's recommendation to award the RFP to the Business Leadership Institute.

Recommendation

It is the recommendation of the Program Review Committee that the full ELC Board approve the RFP funding award to the Business Leadership Institute. The initial contract term for the current FY 2019/20 would begin in February 2020 and end June 2020, with two (2) optional 12-month renewal periods for FY 2020/21 and FY 2021/22 (subject to ELC Board approval). ELC staff will negotiate the start-up and subsequent contracts adhering to Program Review Committee members' outcome suggestions, which were incorporated in the RFP. These outcomes include, by the end of the first full contract year:

- participants' progress toward achievement of their individualized business plan goals;
- positive difference in their business' financial viability;
- business knowledge gains through the use of skilled mentors;
- learning gains through individual workshops

SUBJECT:	Interim Financial Statements
FOR ACTION:	YES
RECOMMENDED ACTION:	Approve October 2019 Interim Financial Statements, Pending Approval of an Annual
	Audit Performed by a Qualified Independent Certified Public Accountant
FINANCIAL IMPACT:	None
AS RECOMMENDED:	Finance Committee – 12/6/19
ELC STAFF LEAD	C. Klima

Background Information:

The Interim Financial Statements for the four-month period ending October 31, 2019 are attached for review.

Current Status:

Financial Highlights for the period are as follows:

1. Overall

After the first four months of fiscal year 2019-20, ELC is on track to continue the current pace of open enrollment for School Readiness services and to fully utilize all of its contract dollars by year end. ELC also continues to make progress toward becoming fully staffed by June 30, 2020. 141 out of a target 151 employees (FTE) were on board as of October 31. Year to date expenditures for slots and overall expenditures are 33% and 32% respectively, as expected.

2. Contract Utilization

The School Readiness Program is currently fully enrolled for the fiscal year, but continues to conduct limited open enrollment from the waitlist (approximately 100 new children each month) to replace children who discontinue services during the peak months for income-eligible re-determinations October 2019 through January 2020. ELC continues to closely monitor attrition going forward to determine if the pace should be adjusted.

Enrollments for the Voluntary Pre-Kindergarten Program continue to ramp up in alignment with the seasonal pattern that is typical for each year and ELC expects to fully utilize the funding allocation.

3. Operating Expenditures

ELC added 6 staff since July 1 and is the process of hiring 10 additional FTEs for the year, so expenditures are approximately 6% below target as of October. Internal staff promotions filled many of the newly created positions in Family Services, IT and Quality Assurance, and the time required to backfill the resulting entry level openings left a portion of staffing budget untapped during the recruitment period. Funds that remain unspent by the fourth quarter of the fiscal year will be re-directed into child care slots by year end.

ELC has set aside approximately \$750K in unallocated funds to be used for provider registration fees when the system capacity to pay them comes online in the EFS Mod System. According to State Regulations, beginning July 1, 2019, the Early Learning Coalitions are required to reimburse providers up to \$75 per child per year for qualifying registration fees. Unfortunately, however, OEL has not yet created a mechanism in the EFS Mod system or developed guidelines that the Coalitions need to implement this rule, and none of the Coalitions are currently able to process payments for them. OEL acknowledges that that the unresolved issues in the EFS Mod system will likely delay implementation for several more months, but they will permit the Coalitions to make reimbursement retroactively as soon as the functionality comes on line. OEL also confirms that retroactive registration fees owed to providers may be applied against amounts providers may owe the ELC due to overpayments made during FY 2019 when all School Readiness reimbursements were paid with estimates

Summary

The Finance Committee recommends that the Board approve the October 2019 Interim Financials.

ITEM#/MEETING	B203CA8/ BOARD
MEETING DATE:	12/19/19
SUBJECT:	FY 2020 Budget Amendment
FOR ACTION:	YES
RECOMMENDED ACTION:	Approve FY20 Budget Amendment #3
FINANCIAL IMPACT:	\$765,088 Net Increase to Revenue and Expense
AS RECOMMENDED:	Finance Committee – 12/6/19
STAFF LEAD:	C. Klima

Background Information:

In June 2018, the Board approved a preliminary annual budget that reflected estimated revenues and expenditures pending receipt of actual grant award letters from funders. In September 2019, the Board approved Amendment #1 once the Office of Early Learning (OEL) issued notices of award for FY2020 and then other updates were made in Amendment #2 in October when new funding was allocated. Amendment #3 further updates the budget to reflect adjustments to revenue and their associated expenses.

Current Status:

Key changes and updates Included in FY2020 Budget Amendment #3 are as follows:

Revenues:

1. \$354,845 additional OEL School Readiness (SR) Funding for Conducting CLASS Observations

In October OEL allocated an additional \$355K to ELC Broward to pay the cost of CLASS Observations that OEL requires under the SR Program Assessment initiative. This funding is non-recurring and restricted to this single activity only.

2. Budget Adjustments Reflecting final CSC and Broward County Contract Expenditures as of September 30, 2019

September 30, 2019 is the end of the contract year for ELC's funders that follow the government fiscal year (October to September) and ELC typically makes funding shifts between ELC fiscal years during this time to reflect the final amounts actually expended and billed to these partners. Notable among these is an increase of nearly \$1 million in FY20 Vulnerable Populations Program allocation to cover high referral and response rates following ELC staff's community outreach to key stakeholders. Staff are currently working with CSC to develop criteria for managing attrition in the program.

Expenses:

1. Slots:

- Adjust slots to match OEL's "slots only" expenditure rule for its new SR match funding allocation
- Adjust slots to match revenue adjustments for CSC and Broward County noted above
- Set aside \$756K from unallocated operating budget in reserve for reimbursing provider registration fees if needed as soon as OEL authorizes the Early Learning Coalitions to begin paying them. See Interim Financial Statements for more detail.

2. Operating Costs:

- Allocate \$35K for up to 5 temporary staff from an agency for up to 6 weeks to do data entry for providers who
 need assistance reconciling FY2019 School Readiness
- Allocate up to \$23K for replacement laptops for staff and scanning stations at out-posted Family Services sites

Summary:

The Finance Committee recommends the Board approve Budget Amendment #3.

SUBJECT:	Purchasing Card ("PCard") Administrator and Authorized Caller List	
FOR ACTION:	Yes	
RECOMMENDED ACTION:	Approve Updated Purchasing Card Administrator and Authorized Caller	
	List	
FINANCIAL IMPACT:	None	
AS RECOMMENDED BY:	Finance Committee – 12/6/19	
ELC STAFF LEAD	C. Klima	

The bank that issues ELC's staff purchasing cards (PCard) requires that the ELC Board assign the role of PCard administrator and provide a list of authorized callers through a Board resolution that is documented in meeting minutes. The PCard administrator and designees are authorized to contact the card issuer to open or close a PCard and to make changes or inquiries about the account. The PCard Administrator should not have a card in their name.

The current PCard Administrator and Authorized Caller List is out of date and consists of one former employee and ELC's Current Payroll Manager. PCards are currently issued to the CEO and CAO.

Current Status

ELC staff recommend changing the PCard Administrator and Authorized Caller List As Follows:

PCard Role	Remove	Add
Administrator	Andrea Braynon, Former CFO	1. Perry Borman, COO
Authorized Caller	2. Ros Desroches, Payroll Manager	2. Stephanie Landreville, Controller
Authorized Caller		Megan DeGraaf, Purchasing Specialist
Authorized Caller		4. Irene Ramos, Office Specialist

Summary

The Finance Committee recommends the Board approve the change to the PCard administrator and authorized caller list.

Addendum - Purchasing Card Policy

Overview

An ELC Purchasing Card (PCard) is a credit card issued by a bank through the ELC to individual employees. The PCard is issued on behalf of the ELC, with corporate liability resting with the ELC for payment of transactions. The card does not involve personal credit or an individual credit check. The Board approves issuance of a PCard to the CEO. The CEO approves issuance of PCards to any other staff. Card usage, reconciliation and payments are monitored by a designated PCard administrator that does not have a card in their name. The card issuer requires that the Board assign the role of PCard administrator to an individual ELC staff member through an approved resolution documented in meeting minutes.

Purpose and Usage of the PCard

PCards are issued to the CEO and the CAO to streamline the purchase-to-pay process and to facilitate payment for travel related expenses and small dollar purchases that cannot be made through the normal cash disbursements process. PCards are provided to reduce the use of employee expense reimbursements, travel advances, petty cash and small dollar check requests.

PCards may be issued to full-time employees with significant business related travel and/or having buying responsibilities for the ELC. Generally, the PCard is used for employees that anticipate spending at least \$5,000 per year on the card.

Cardholders are granted a \$25,000 credit limit but purchases are limited by policy to a maximum of \$5,000 per day. Purchases must not be artificially split to circumvent transactional spending limits. Higher limits may be extended on a temporary or permanent basis with the approval of the Board.

PCards may be used only for official ELC business that has been approved by the CEO through a duly signed purchase order or travel authorization. Cardholders shall ensure the appropriateness of transactions and compliance with all relevant laws, rules, regulations, and policies.

Typical purchases would include the examples provided below; however all purchases are subject to ELC's purchasing policies

- Dues, memberships, on-line licenses, application fees
- Travel and related expenses for all staff
- Conference and training registrations
- Books, publications, periodicals, subscriptions, newsletters, videos
- Catering for meetings
- Small local purchases

The following examples represent general guidelines for items that should not be purchased using the PCard:

- Items that could otherwise be purchased by check through the normal accounts payable process.
- Any transaction that exceeds the cardholder's daily transaction limit.
- Transactions in foreign currencies that may incur foreign exchange fees
- A personal purchase, even with the intent of reimbursing the ELC
- A transaction whereby the ELC is required to sign any type of contract or agreement (e.g., lease, independent contractor, and consultant).

- A transaction that violates any ELC Financial Policy
- Gift Cards or Cash Advances
- Cell phones or accessories
- Purchases that represent significant risk or liability to the ELC for items or services with special health, safety, occupational, or environmental risks (e.g., radioactive material, animals, weapons, controlled substances)
- Applications that share payments
- Donations

PCard Security

The cardholder is responsible for contacting the merchant when goods purchased with the PCard are not acceptable (incorrect, damaged, defective, etc.) and for arranging a return for credit or an exchange. If merchandise is returned for credit, merchants will issue all credits directly to the individual PCard account. The credit will appear on a subsequent statement. Rebates must be payable to the ELC rather than individual employees. Cardholders are responsible for resolving any charge disputes directly with the merchant and/or Bank of America within 60 days of the transaction date.

It is the cardholder's responsibility to safeguard the PCard, the associated account number, and the PIN at all times. PCards must be kept in a secure location. No one other than the cardholder whose name is on the card is authorized to use the PCard. The cardholder may name a designee to make the purchases on their behalf however each swipe must be accompanied by a PCard transaction authorization form sign by the card holder. PCards are not transferable between individuals or departments. In order to limit exposure to fraud, the full PCard account number and PIN should never be recorded electronically or on paper. Cardholders should treat their PCard with the same level of care as one does their own personal credit and report lost or stolen cards or fraudulent transactions to the issuer immediately.

PCard Accountability

All receipts must be detailed and itemized. PCard transactions must be accurately identified and allocated to ensure data can be recorded in the financial database by the required due date. Failure to reconcile PCard transactions and/or failure to submit required documentation may result in the suspension or revocation of the PCard privileges.

Upon employee separation, transfer, or if a PCard account is no longer deemed necessary, the terminating employee, the CEO or the Board may request closure of a PCard as applicable. Before closing an account, cardholders are responsible for providing all necessary supporting documentation to the ELC before their departure date. Cardholders may be held personally liable for unsupported transactions.

MEETING DATE:	12/19/19	
SUBJECT:	Auditor Procurement— RFP Document	
FOR ACTION:	YES	
RECOMMENDED ACTION:	Approve RFP document for External Audit and Tax Services	
FINANCIAL IMPACT:	Not to Exceed \$40,000 FY 2020 Budget	
AS RECOMMENDED BY:	Audit Committee – November 19, 2019	
ELC STAFF LEAD	C. Klima	

Background Information:

On October 4, 2019 the Board approved the Audit Committee recommendation to conduct a procurement for External Audit and Tax Services for a new five year cycle beginning with the audit of ELC's financial statements for fiscal year 2019-20. The approved timeline called for the RFP solicitation to be posted in December 2019 with proposals due on January 21, 2020. The Audit Committee members will rate the proposals and interview prospective firms during the week of January 27, 2020 and make a recommendation for a selection to the Board on February 13, 2020.

ELC's current Audit firm, SB and Company, is eligible to apply.

Summary:

The Audit Committee recommends that the Board approve the RFP solicitation document that includes all elements required by ELC funders for audits.

The proposed evaluation criteria include the following.

- Prior non-profit and government auditing
- Audit team members' profiles, qualifications, and experience
- Firm profile and qualifications
- Cost of Services
- Approach to the Engagement

The RFP will be posted December 20, 2019.

AS RECOMMENDED BY:	N/A
ELC STAFF LEAD	P. Borman

Background

At the September 12, 2019 meeting, the ELC Board approved the updates to the current ELC strategic plan for FY 20 (including projected high-level targeted outcomes, revised pillar outcomes and outputs). Staff has created a scorecard to track the status of the Plan.

Current Status

ELC is on track in all five pillars of the strategic plan. Some of the highlights from **Quarter 1** include:

Pillar 1: Deliver Outstanding Eligibility, Enrollment and Payment Services

- 14,375 children enrolled in VPK (85% towards targeted goal)
- 23,557 calls to ELC call center for support
- 2 new out posted sites were added [Paul Hughes, Dept. of Health and Women in Distress) (met goal)
- 98% of parents who respond to survey report being satisfied or very satisfied with services (exceeded 85% target).

Our "calls answered" percentage was 68% for the quarter (against a target of 85%). August call volume was especially heavy due to VPK enrollment and represented 43% of the total calls during the quarter. Strategies to improve our call center capability include an upgraded phone system that includes "call back" feature (implemented in September) as well as an analysis of current staffing patterns and increased training.

Pillar 2: Provide Early Care Opportunities

- At least 94% of all providers in VPK training or tiered training program demonstrated mastery of the topic based on pre- and post-testing (exceeds goal of 80 %)
- 412 individuals attended 35 trainings (77% towards goal of 45 tiered training modules)
- 77 providers have registered for the new Quality initiative "Yes You Can" (exceeded goal of 75 providers)

Pillar 3: Advocate for Early Care and Education System

- ELC participated in 19 outreach events (on track based on annual goal)
- Meetings were held with 9 municipalities and 6 legislators (on track based on annual goal)

Pillar 4: Forge Strong and Strategic Partnerships

 ELC formed a new partnership with the Broward Behavioral Health Coalition which coordinated the delivery of trauma-informed care to members of our education team and educators.

Pillar 5: Strengthen and Develop the ELC Broward Organization

- ELC launched the RFQ process for a CRM (customer relationship management system)
- ELC hosted a successful and well attended Health Fair for all employees

ELC STAFF LEAD	R. Jaffe

Background

The ELC Board Retreat was held on 10/3/19. It was a productive day that covered a short presentation of the ELC transformation over the last 3 years, a "getting to know you" exercise, presentation of board survey data, facilitation of a 3-2-1 exercise (3 things that jumped out that I want to know more about, 2 things I'd like to focus on and 1 thing I commit to doing), a panel discussion with 4 providers and breakout groups focused on the areas of board development and logistics, advocacy and community partnerships and diversification of funding streams.

Current Status

ELC staff have summarized the notes from the board retreat (both a condensed summary of the 3-2-1 exercise as well as a matrix of comments and recommendations that surfaced in the 3 breakout groups). Staff had already been working on a number of items that surfaced during the retreat. These include, but are not limited to, increased community outreach and partnerships, increased exposure with legislators and municipalities, streamlined communication to the provider community, and the timeliness and effectiveness of board meeting packets.

There are other items for prioritization and follow-up. A matrix summary of the suggestions from the 3 breakout groups is contained in the addendum.

Recommendation/Next steps

While there are other items for further discussion and prioritization, the following are specific action items that staff is implementing <u>as a result</u> of the retreat:

- Board education and development
 - o Pillar spotlight presentations at each board meeting beginning 12/19/19
 - A schedule of provider site visits for board members (to be communicated in early 2020)
 - Create a 2nd board orientation session for new board members to provide a deeper info on ELC services and programs
 - Working on plan for board roundtable and/or Info sessions for board members (Feb/March 2020)
- Advocacy and Community Partnerships
 - Working with local partners on a communication for parents on "who is responsible for what"
 - Working on putting ELC messaging/priorities (already created) into a framework broken down by target audience vis a vis constituent (providers, parents, legislators, businesses) and share with board
- Diversification of Funding
 - ELC staff recommend the creation of an Ad Hoc Fundraising Committee that can explore and begin planning an inaugural event for FY 20/21. This will be reviewed at the next Executive Committee meeting.

ELC staff will continue to prioritize, track and implement items included on the Board Member recommendation matrix (from the 10/3 board retreat).

In addition, each board member made a specific commitment. As it relates to improving the function of the board, those commitments include:

- Be on time for meetings
- RSVP for meetings
- Prior to the meeting
 - o Read the information that has been sent you
 - o Ask any clarifying question to Renee or senior staff
- Be sensitive to meeting end time

ITEM#/MEETING	B203RB3/ BOARD
MEETING DATE:	12/19/19
SUBJECT:	FY 19 SR Reconciliation
FOR ACTION:	NO
RECOMMENDED ACTION:	None
FINANCIAL IMPACT:	
AS RECOMMENDED:	NA
STAFF LEAD:	C. Klima

Background Information:

Since EFS Mod launched in July 2018, system issues have resulted in providers being overpaid or underpaid for School Readiness children served during last fiscal year. Without accurate data and tools in the system, ELC staff were unable to fully reconcile payments from this period.

Summary:

During the 12/19/19 board meeting ELC staff will present an up to date scope of the issue, the work that is being done to support providers and next steps.

Our Mission

The Early Learning Coalition of Broward County's mission is to lead and support the early learning community to deliver high quality early learning experiences to young children and their families.

INCREASE INVESTMENT IN VPK PROGRAM

Florida is one of the national leaders in Voluntary Prekindergarten (VPK) with the second highest enrollment rate in the country¹. Now is the time to invest in VPK in order to implement changes that will lead to higher quality VPK programs and a system where children are better prepared and early educators receive greater supports and more resources.

The VPK Base Student Allocation (BSA) rate decreased 7% since 2008 while K-12 funding increased 8% over the same period². The BSA for VPK should be increased to <u>at least</u> the 2007/08 rate.

K-12 funding grew by 8.2% from 2008-2018...

But VPK funding shrank by 7.3% during that time!

Through increased VPK funding, more children will start Kindergarten prepared and ready to learn!

DEVELOP AND IMPLEMENT A VALID MEASUREMENT FOR VPK

Every child develops uniquely and at their own rate. In order to learn best, each child's social and emotional development must be considered. Measurements of a young learner's success must include the child's individual growth and learning gains and should take place during the VPK year, not months after VPK and "Summer Slide" which is the current model.

Additional suggestions for change include:

- Ensure that the assessment tool is developmentally appropriate
- Include social and emotional development as part of the assessment process
- Use additional measures/tools to evaluate the quality of the education being provided i.e. CLASS assessment which evaluates the interactions in the classroom
- Review and analyze the state's VPK performance data to identify specific trends

A LONG TERM COMMITMENT TOWARDS EARLY LEARNING

We need to do better for our youngest learners. We must refocus on early education as the foundation for life-long learning success and embrace that early childhood development is the best investment that we can make for the future. Researchers have found that comprehensive, high quality early education is the intervention with the highest rate of return and best outcomes for the child and their family.³

FYI 1 - ELC of Broward - Strategic Plan Overview- 2019-2020 Updated

Vision:

All children will have high quality early learning experiences leading to success in school and life.

Mission:

Lead and support the early learning community to deliver high quality early learning experiences to young children and their families.

Guiding Principles:

We believe in environments of success for our children and educators.

All children develop at their own pace and learn in different ways.

All children have the ability to reach full potential regardless of economic means.

Play and imagination are essential learning components.

Early learning helps to build the foundation for future success.

Highly skilled educators create the best learning opportunities for ALL children.

Parents are the "Most important individuals to ensure child's success. "

Delivering outstanding customer service is vital to delivering our mission.

We are committed to hiring and developing great employees.

<u>Pillars for Delivering on Our Vision and Mission:</u>

Deliver Outstanding Eligibility, Enrollment and Payment Services

Provide Quality Early Care Opportunities

Advocate for the Early Care and Education System

Forge Strong long term Strategic Partnerships

Strengthen and Develop the ELC Staff and Organization

2019-2020 High-Level Targeted Outcomes

ELC will fully maximize School Readiness slot funding (Achieve at least an 82% contract utilization for slots = 9,042 slots)

ELC will serve at least 77% of Broward 4 year olds in VPK (at least 77% unduplicated children estimated at 16,975)

75% of providers who score less than a 4.0 and participate in local ELC Broward quality initiative ("Yes, You Can") will increase their CLASS composite score

At least 80% of observed SR providers will score at least a 4.0 in their CLASS composite.

ELC will increase its outreach and local advocacy efforts with Broward county leadership and via outreach events (meet with at least 80% of legislators and municipalities and increase outreach events by 25%)

85% of staff will respond as "satisfied" or "very satisfied" via annual staff survey

FY 2019 - 2020 Outcomes and Objectives

PILLAR 1: Deliver Outstanding Eligibility, Enrollment and Payment Services

FYI 11 - ELC Broward Glossary of Terms (re. August 2019)

Rev. 7/2019 Subject	Acronym	Definition
Ages and Stages Questionnaire®	ASQ	A developmental and social-emotional screening for children from one month to 5 ½ years. Highly reliable and valid, ASQ looks at strengths and trouble spots, educates parents about developmental milestones, and incorporates parents' expert knowledge about their children.
Association of Early Learning Coalitions	AELC	The Association of Early Learning Coalitions (AELC) is an organization comprised of 31 Early Learning Coalitions throughout the State of Florida. The AELC supports the role of the Early Learning Coalitions to develop and administer a comprehensive school readiness program and voluntary prekindergarten program that prepares preschool children to succeed in school and in life Each Early Learning Coalition's service area is as unique as the population it serves, with some Coalitions serving a single county while others are serving two to seven counties.
Billing Group	BG	An eligibility category that aligns with Chapter 411, Florida Statutes, which describes the different groups or defined categories of children served; a category of direct service costs. The following defines the various billing groups: **BG1 - At Risk Populations:** School readiness services for a child in a family that is: referred for investigation by the Broward Sheriff's Office (BSO); under the supervision of ChildNet (in home, foster care or relative/no relative placement); in the custody of a parent who is homeless, as verified in law; in the custody of a parent who is the victim of domestic violence, residing in a certified DCF shelter or; actively participating in a diversion program as required by law. **BG3 -** Temporary Assistance for Needy Families (TANF), also referred to as Temporary Cash Assistance (TCA) **Families who are receiving TCA, and subject to the federal work requirements. **BG3R - Relative Caregiver** Child who is in receipt of the Relative Caregiver (RCG) payment, who is adjudicated by a Florida court and placed in the home of a relative through ChildNet. **BG5 - Transitional Child Care (TCC)** Family that is transitioning from the receipt of TCA (from a workforce program) into employment, as defined by law. **BG8 - Income Eligible** Family that is economically disadvantaged. Parent must meet income and work requirements, which include employment, educational activities or disability. **CSC - Children's Services Council Vulnerable Populations Program** Eligibility mirrors the Income Eligible (BG8) criteria. Other conditions may be set by CSC, on an as needed (case-by-case) basis.
Categories Exempt from Licensing Center-Based Child Care		Certain religious affiliated and non-public schools may be exempt from licensure but must register with Broward County and receive approval prior to operating. Programs for children grades six and above and summer day camps for elementary school aged children are exempt from licensure. A provider licensed or authorized as license-exempt to provide care and education of children in a
Provider		nonresidential setting for fewer than 24-hours a day per child.
Child Assessment		An individual assessment performed on each child for the purpose of measuring the child's growth in specific developmental domains. Child care providers who perform this detailed assessment can be reimbursed at a higher rate per child.
		Teaching Strategies Gold (TSG) is one of three ongoing assessment tools that is approved by OEL for child care providers to receive a Quality Performance Incentive Differential. TSG helps teachers observe children during regular everyday activities, plan for their development and assess their needs. Training is needed to become a reliable observer in the tool.
Child Care Development Fund	CCDF	The federal Child Care and Development Fund (CCDF) is an aggregate of several funding sources that is distributed in block grants by the federal government to the states and territories. The majority of the funds are to be used to provide child care services to families who meet certain income and need criteria. A portion of the funding (at least 4 percent of the block grant amount) is to be used for activities to improve the quality of child care. Another portion (not to exceed 5 percent of the block grant amount) is to be used to pay for costs of administering the CCDF. The purpose of the CCDF is to increase the availability, affordability, and quality of child care services.
Child Care Development Plan		Every two years, states and territories receiving CCDF funds must prepare and submit to the federal government a plan detailing how these funds will be allocated and expended.

Child Care Licensing		The child care licensing program is a component of the services provided by Department of Children and Families. The program is accountable for the statewide licensure of Florida's child care facilities, specialized child care facilities for the care of mildly ill children, large family child care homes and licensure or registration of family day care homes. The purpose of the program is to ensure a healthy and safe environment for the children in child care settings and to improve the quality of their care through regulation and consultation. The department ensures that licensing requirements are met through on-going inspections of child care facilities and homes, thus preventing the continued operation of substandard child careprograms
Child Care Resource and Referral Program	CCR&R	The Child Care Resource and Referral Network is dedicated to helping families find answers to their questions regarding how to identify quality child care and early education programs. The CCR&R program also conducts a search for providers that meet the specific needs of the family; the CCR&R program also provides information and community resources that may benefit the entire family.
Children's Services Council	CSC	A Children's Services Council is a local government body that oversees funding for programs and services that improve the lives of children and their families. Chapter 125 of Florida Statutes governs the creation and operation of a Children's Services Council, commonly referred to as a CSC. Florida is the only state in the nation that empowers communities to create a local government with the sole purpose of investing in the well-being of families.

Enhanced Field System Modernization	EFS Mod	The billing system currently in use for early learning programs.
Environment Rating Scales	ERS	The Early Childhood Environment Rating Scales are designed to assess process quality in an early childhood or school age care group. Process quality consists of the various interactions that go on in a classroom between staff and children, staff, parents, and other adults, among the children themselves, and the interactions children have with the many materials and activities in the environment, as well as those features, such as space, schedule and materials that support these interactions. Process quality is assessed primarily through observation and has been found to be more predictive of child outcomes than structural indicators such as staff to child ratio, group size, cost of care, and even type of care, for example child care center or family child care home (Whitebook, Howes & Phillips, 1995).
		There are four environment rating scales, each designed for a different segment of the early childhood field: (ECERS-R) The Early Childhood Environment Rating Scale-Revised (ITERS-R) The Infant/Toddler Environment Rating Scale-Revised (FCCERS-R) The Family Child Care Environment Rating Scale-Revised (SACERS) The School-Age Care Environment Rating Scale
Federal Poverty Guidelines	FPL	The set minimum amount of gross income that a family needs for food, clothing, transportation, shelter and other necessities. In the United States, this level is determined by the Department of Health and Human Services. FPL varies according to family size. The number is adjusted for inflation and reported annually in the form of poverty guidelines. Public assistance programs, such as Medicaid in the U.S., define eligibility income limits as some percentage of FPL. The poverty guidelines are typically issued every February and correspond to the year in which they are issued.
